

### 3 BIG THINGS to remember when medicines are needed

#### DRUG QUALITY

The quality determines the value of any drug. We know this as well as the doctor. He knows what quality you require. We know what quality he must have, so we exert our greatest power in selecting drugs of the very highest quality.

#### Accuracy of Compounding

Knowledge and experience and care all go into the compounding of your prescriptions. Double checking methods are employed to guarantee the accuracy. No drug store in existence can, will or does exert a greater influence to give you accurately compounded prescriptions.

#### Safety of Medicines

Our label on any prescription package absolutely guarantees the contents to be exactly as the doctor ordered, without imitation, substitution or duplication, and without any fear of misinterpretation or disregard for your safety. It is always safer to bring your prescriptions to us.

### Standard Pictures FIRST RUN UNIVERSAL AND MUTUAL SERVICE SUGG THEATRE TONIGHT

PARAMOUNT TODAY.  
"Cameo Kirby," featuring Dustin Farnum, who is an ideal Cameo Kirby. Also a dandy comedy in three parts—to please the young and old.

"HE WAS ONLY A BATHING SUIT SALESMAN"

Harry Myers and Rosemary Theby in this three-reel Vitaphone comedy, which is distinctively out of the ordinary. The action is fast and furious and it is staged in unusual surroundings.

"Ahoy, land-hobbs!"  
"Avast, ye of the pale faces and the office anemia! Here's the ship of the flying spy and the tang of the salt breeze—fresh breath of the great outdoors—the charm of wanderlust. All crowded rippily into the most splendid, thoroughly American serial of romance and adventure that has ever given life to a film."

### Neal of the Navy

Pathe's latest and greatest motion picture production  
is refreshing—that's the word for it. It satisfies all your innate desire for dash—excitement—and leaves no unpleasant aftermath. This splendid story was written by William Hamilton Osborne.

Lillian Lorraine is the Captain. Wm. Courtright, Jr., is First Mate and the crew are all able seamen. GET ABOARD!

Coming tomorrow—"Neal of the Navy," featuring Lillian Lorraine, a wonderful picture.

Then Friday—"The Supreme Test," featuring Henrietta Crossman, the supreme dramatic artist, featuring in this charming society drama by L. V. Jefferson.

Sunday a Metro feature—"The Soul of a Woman." We give four shows a day. Always plenty of time for a second show for school children after 4 o'clock p. m.

Our music is the best—a 25-piece orchestra. Theater is steam heated. Come and enjoy yourself.

### Information About Parcel Post Mailing

(1) Before leaving home, be sure that your parcels are securely wrapped and tied. The government does not furnish either wrapping paper or twine.

(2) Be sure you have the address written plainly on each package, also that the return address is on the upper left hand corner of package. Pen and ink is much better for writing addresses than pencil.

(3) The best form for wrapping packages is to use heavy paper of a light color and to write the address on the package rather than write it on a sticker and paste it on. Stickers are liable to become detached from package, while if written on the wrapper direct there is no chance for it becoming detached. Be sure to use heavy twine as the ordinary wrapping twine such as most stores use, will stretch and break very easy. You can procure suitable twine at any hardware store.

(4) You must remember that parcels must be so wrapped that the contents may be easily examined by postal officials. When not so wrapped, or while containing writing not authorized by law, the matter will be treated as first-class mail. Parcels improperly or insufficiently wrapped or tied will not be accepted for mailing. Many articles are damaged in the mails for the reason that they are not properly wrapped to withstand the necessary handling.

(5) Parcels (but no other mail)

may be insured against loss upon the payment of a fee of three cents for a value not exceeding five dollars, or 5c a value not exceeding twenty-five dollars, or 10c for a value not exceeding fifty dollars, or 15c for a value not exceeding one hundred dollars. Such mail may be insured at any post office or by any rural carrier.

(6) Inscriptions such as "Merry Christmas," "With best wishes," "Do not open until Christmas," or words to that effect, may be written on parcels or on a card enclosed therein.

(7) All parcels should be submitted at the window of a post office or to a rural carrier to be examined and rated by clerk or carrier as the case may be.

(8) The best time to mail is now. Do not wait until the last few days before Christmas to do your mailing, as then the mails will be congested in such a manner as to make it doubtful whether your package will reach its destination before Christmas day or not. So do your mailing now and mark your package, "Do not deliver until Christmas," and Uncle Sam will see that your wishes are complied with and you will be doing a great service for the thousands of clerks and carriers who handle your parcels.

(9) For any further information call at your local post office. The postmaster and clerks will do all they can to help you.

G. W. BAREFOOT, Postmaster.
